The Existence of an Enormous Short Interest Disclosed-Bear Operators Depend on a Prospective Third Party Movement.

Wall Street, Tuesday, July 14. the stock market to-day presented a very doomy appearance superficially, and yet here were developments which to close observers more than offset the break in sev eral stocks. Stocks like Leather preferred, Sugar, Cotton Oil preferred, Jersey Central, Tobacco common and Chicago Gas were very weak, declining from 1% to 51/2 per cent, and yet standard shares, like St. Paul and Louisville, only declined 36 and 36 per cent respectively, while Missouri Pa-

cific did not lose even a fraction.

The losses of the railroad stocks, with one or two exceptions, were made in the first half hour, and thereafter there was perceptible buying for long account in the active railroad stocks. Later in the

The American Street Railway Invest-ments for 1896, published by the Street Railway Journal, gives an excellent review of the year, showing the general result of street railway operations in the principal cities of the country. The information on street railways is complete, and the New York surface roads are treated with more accuracy than ever before. It is a publica-

Baldwin & Farnum bought September pork and Roston bought September land.

Bartlett, Frazier & Co. bought oats and corn.

Brosseau was the largest buyer of school.

Heavy buying of wheat by Logan in the afternoon (he took half a million or more), advanced the market suddenly before the close. He caught the pir cleaned up and most of the professionals short. In addition to Logan's buying a big lot of wheat was taken by Montreal buyers through Brosseau. These purchases are based on the reported damage to the crops in Manitoba.
